

INVITATION

We invite you to join the Council on Aging in a discussion of what you think needs to be included in our NEW Senior Center. We value your opinion, and we welcome your input.

We would like to know: What do YOU think?

On June 6, 2016, from 3:30 to 5:30pm

The COA will be holding a special meeting in the senior center.

The agenda will focus on the NEW senior center.

If unavailable to attend please feel free to send in your comments
or email Lisa, LCVicklund@westboyiston-ma.gov.

We will bring you up to date on:

What has been done thus far?

What the next steps will be?

**We will then have an open brainstorming session
asking what YOU think is needed in the new facility.**

The Council on Aging has already gone on record requesting to have the new senior center built on the old Mixter School property. Funds have been approved for an initial engineering study. We are asking that our Senior Center be situated at Mixter in such a way as to accommodate any of the recreational activities already being conducted there.

At the meeting, there will be a very rough floor plan displayed. It will serve as a hub for our discussion. Our collective thoughts will be honed, and then become a part of our proposal to the Architect and the Facilities Implementation and Strategic Planning Committee (FISP).

Please keep in mind that any proposal we make, is only that . . . a proposal! Ultimately, FISP and the architect will have the final say. Hopefully, our recommendations will be taken into full consideration.

This get-together is the perfect opportunity for all of us to share our opinions.
By doing so, we can be unified and fully informed at the Town Meeting.
